**Wialon OIL Service** combines all the advantages of using GPS tracking system and fuel cards, and offers customers the unique ability to control the machinations with fuel, timely warning about illegal actions of the driver.

**Wialon OIL Service** allows you to significantly improve control of yours Organization transport, as well as significantly reduce costs its contents.

**Control and save with us!**

**Wialon Hosting** - enables you to start the GPS tracking system on your website in a very short time. This is a cost-effective GPS web based system that provides you with a possibility to avoid extra expenses which are normally required for buying and supporting your server. Wialon Hosting is taken on a lease and resides in Wialon Data Center.

Gurtam undertakes all technical aspects, while you will be able to concentrate on your core business: selling and installing GPS devices, getting them connected to the vehicle monitoring system on your site, supporting and servicing your end-users.

**Wialon Hosting** unique GPS tracking system combines a large number of functions with a high operating speed and a flexible mechanism that effectively enables customization of the system.

Wialon OIL Service can help you get rid of these species unfair activities of drivers:

**Illegal cheque.** Using a system Wialon OIL Service, you will always be able to compare the data from the cheque, provides the driver, with real report for filling via the Dashboard. If **Wialon OIL Service** doesn't contains information about a particular transaction, then the driver probably is trying to deceive the company.

**Fuel theft.** You will be able to prevent the fuel theft from your vehicle automatically comparing data on the amount of bought fuel at Gas stations with indicators of precision fuel level sensor in the tank.

**Wialon OIL Service** automatically compares the data of the fueling fact at the Gas station with the location of the vehicle and the amount of fuel filled into tank. In case of discrepancy between them, **Wialon OIL Service** immediately send an alert via SMS or e-mail.

**Filling at illegal gas stations.** With the described mechanism of control and comparing different values **Wialon OIL Service** will avoid Poor-quality fuel gas stations, avoid collusion with the operators of the gas station, who overstates the amount of fuel in the cheque, as well as various other fraudulent activities.
